## Geary County E-Community Loan Application

The Geary County E-Community program was created through a Kansas Center for Entrepreneurship Tax Credit Program. It is a project to encourage entrepreneurial activity in the communities of Geary County.

Qualifying entrepreneurial projects may include startup businesses, as well as existing business purchases and/or expansions. **The E-Community loan requires at least 40 percent of the amount being financed to be provided by a bank or similar source.** This loan program capped its involvement at a 60 percent investment.

The minimum loan request is \$5,000 with a \$50,000 maximum amount available per applicant business. Please see the E-Community funding example below.

### E-Community Guidelines:

#### Fees:

- \$75.00 non-refundable application fee due to the EDC at time of application submission.

#### Repayment:

- Terms to be determined by Financial Review Board
- No penalty for early repayment

#### Loan Funds May Not Be Used For:

- Paying off or refinancing existing debt
- Salary or owner's draw
- Taxes
- Personal vehicle
- Building renovation not tied to a specific business

#### Businesses That Do Not Qualify:

- Non-profit organizations
- Academic institutions
- Gambling concerns
- Floor planning concerns (i.e. wholesale auto inventory financing or similar activities involving equipment)
- Speculative concerns
- Lending or investment institutions
- Multilevel marketing or pyramid sales

### Funding Example:

Assume the applicant needs a total of \$60,000. Also, assume the applicant is providing \$10,000 of their own capital. Of the remaining \$50,000 needed, the E-Community can provide no greater than 60% of that gap (in this case, the E-Community funds could be no more than \$30,000 of the \$50,000 needed). The other 40% minimum (in this case, \$20,000 of the \$50,000 needed) must come from a financial institution (defined as a bank or credit union) and/or a local/regional public source of capital (defined as city/county revolving loan fund, microloan, Certified Development Company funds, USDA, IWW Main Street, Community Foundation). In this way, the E-Community funds "match" other loans. *Note: A line of credit at a bank can count as the match, however, the only amount that can qualify as the match is the amount that is drawn down at the time of the E-Community loan application. (This tends to cause confusion so please ask for further explanation).*
