FY24 ECONOMIC IMPACT SUMMARY
1 OCT 23 – 30 SEPT 24

Fort Riley

An aerial photograph of the Fort Riley campus. The scene is dominated by a large, well-maintained green lawn. Scattered across the lawn are several military vehicles, including tanks and armored cars, some of which are parked on circular concrete pads. In the background, there are large, multi-story stone buildings with many windows, typical of a military installation. The sky is overcast, and the overall atmosphere is one of a historical and active military site.

Fort Riley's history stretches back more than 170 years to the selection of the fort's site in 1852. First established to protect the movement of settlers over the Oregon-California and Santa Fe trails, Fort Riley's mission evolved after the Civil War to protecting the railroad and maintaining peace and stability among settlers and the Plains Indians. For over 30 years, Soldiers, including those of Custer's 7th Cavalry, used Fort Riley as a base to protect westward expansion.

In 1892, the School of Cavalry and Light Artillery was established that later evolved into the Mounted Service School in 1907 and the Cavalry School following World War I. Since that time, Fort Riley has served as a training center preparing Soldiers for all of America's major wars of the 20th century.

The Big Red One's history begins in 1917 when General John "Blackjack" Pershing arrived in France with the First American Expeditionary Force. The "Fighting First" led the way for American troops in World War I. The division has a proud and honorable history that reflects the heirs of the American Soldier. Having fought in five wars, the 1st Infantry Division is one of the most decorated divisions in the U.S. Army.

For 68 years, the 1st Infantry Division has called Fort Riley home. Our central location and access to transportation allows us to quickly deploy forces around the world. Fort Riley proudly serves as the oldest continually serving FORSCOM installation, with the oldest and most storied division, the Big Red One. Fort Riley Soldiers and Civilians are Brave, Responsible, and On Point for the nation.

Infrastructure

Fort Riley has access to 34,000 additional training acres (prairie land) at the Great Plains Joint Training Center in Salina, Kansas, 60 miles away. This area is the largest inert bombing range east of the Rockies and provides exceptional joint training opportunities for heavy forces' collective, distributed, Joint (10th Air Support Operations Squadron - JTACS/FOs and Joint Fires), Inter-organizational and Multinational (JIM) training in coordination with our Kansas National Guard partners.

Deployment – Rail Yard

When driving past the rail tracks in Camp Funston, it's not uncommon to see a red locomotive pulling cars along the tracks for several hours a day and multiple weeks at a time. Army Field Support Battalion (AFSBn)-Riley railhead staff operate as a two-man team to ensure the equipment brigades use and need is available to make it safely to their training installation or port destination for each deployment.

Rail yard features include:

- Multiple loading spurs with double, single and side loading capability.
- Movement Control Center and Control Tower
- Multiple engines to move train to loading facilities
- Weighing facilities
- Side Rail holds
- Light banks:
 - Stadium lights and half-high lights to ensure safe loading operations during nighttime and limited visibility operations.
- Reinforced docks with shock absorbers
- Concrete docks for loading equipment that will be shipped by truck on Custer Hill and Camp Funston.
- Portable docks for loading equipment that will be shipped by truck at Camp Funston.

Deployment – Airfields

Fort Riley's robust deployment capability is supported by 3 local airfields available for simultaneous use.

Manhattan Regional Airport features a 460,000 sq. ft. Army Deployment Ramp which allows Fort Riley to use the facility as a Rapid Deployment Facility for a Quick Reaction Force (QRF) mission in support of Homeland Defense. The apron area has been designed to allow two C-17 aircraft to park simultaneously.

- Primary commercial service airport – more than 70,000 enplanements per year with daily regional jet service provided by American Airlines to Dallas Fort Worth (DFW) and Chicago O'Hare (ORD).
- Two runways – The primary runway is 7,400' x 150' and the crosswind is 5,000' x 75'. Instrument approaches into the primary runway afford flying in inclement weather as well as for training. Class D airspace is controlled by an on-site air traffic control tower.

Salina Regional Airport serves as a forward operating location for military aviation units deploying to Saline County and the Great Plains Joint Training Center operated by the Kansas National Guard.

- Primary runway is 12,300 feet long
- Crosswind runway is 6,500 feet long
- 2.7 million sq. ft. of ramp space
- Excess of 10,000 sq. ft. of hangar space
- Primary runway, taxiway and aircraft parking apron can support all USAF transport aircraft in the AMC fleet

Topeka Regional Airport (Forbes Field) has two runways and more than 2 million square feet of apron space available for transient military, general aviation and commercial aircraft.

- Primary runway is in excess of 12,800 feet long
- Crosswind runway is 7,000 feet long

Training

Fort Riley boasts a recently upgraded Douthitt Gunnery Complex with state-of-the-art operating system hardware, software, cameras, instrumentation sets and communication systems. 43 Integrated Player Units (IPU) sets allow simultaneous gunnery for a Company Team. Hardware is interchangeable between ranges to significantly increase unit throughput allowing M1 Abrams, M2 Bradley and AH64 crews to train more efficiently.

Training - Regional and Joint

Fort Riley's training environment consists of a complete, modern, state-of-the-art, full spectrum training capability (live, virtual, constructive, gaming in the Integrated Training Environment) which supports "Total Army," Joint, Inter-organization and Multinational (JIM) training for the Midwest and our state, regional and local partners. In addition to the First Infantry Division, Fort Riley supports training for roughly 20K "Total Army" Reserve and National Guard Soldiers annually.

Fort Riley boasts a secondary 200 meter long, floating bridge site (FBS) (at Williams Drain - Training Area 64), which validates FRKS ability to support future Multi-Role Bridge Company (MRBC) stationing actions and conduct FBS operations for 1st Inf. Div. Organic or Total Army Partner Units.

Fort Riley also has a dedicated Expert Infantry Badge (EIB) / Expert Field Medical Badge (EFMB) / Expert Soldier Badge (ESB) site, validating our ability to conduct EIB/EFMB/ESB operations at a dedicated location, codifying FRKS as a premier training installation and increasing the mission readiness of 1st Inf. Div. and Total Army Partner Units

Training data provided by DPTMS.

Training - Regional and Joint

Fort Riley serves as an Inactive Primary Mobilization Force Generation Installation (MFGI). As an MFGI, Fort Riley is prepared to mobilize reserve component units in support of worldwide contingency operations.

Safety - Federal Employee Compensation Act (FECA)

Through the efforts of Soldiers, Department of the Army civilians and other Fort Riley community members, USAG Fort Riley continues to be the installation with the lowest total FECA costs compared to all like installations.

	<u>MEDICAL COST</u>	<u>COMPENSATION COST</u>	<u>TOTAL</u>
2020	\$47,582	\$133,318	\$180,900
2021	\$55,564	\$68,197	\$123,761
2022	\$38,309	\$71,566	\$109,875
2023	\$39,889	\$182,818	\$222,707
2024	\$99,817	\$205,114	\$304,931

Cost-Conscious, Safe and Efficient Installation

- FECA cost is a significant data point for selection of safety achievements.
- Fort Riley continues to have the lowest workers' compensation cost in IMCOM Readiness with Fort Riley below the next comparable installation by \$218K.
- As of 6 November 2024, no Class A Mishaps in 20 consecutive years and No Class B Mishaps for 6 plus years.
- Fort Riley Garrison Safety Office was awarded the FY23 SECARMY Exceptional Organization Award of Excellence in Safety

FECA data provided by the Garrison Safety Office.

Housing - On-Post Residential

Fort Riley's family housing is managed by Corvias in conjunction with the Army Housing Office. Corvias is an Army partner and a private company. Fort Riley's leaders and Corvias share common objectives such as, providing a safe, quality home, excellent customer service and reliable/timely maintenance to our Soldiers and their families. In FY24, Corvias completed Phase III of the solar power generation project, producing over 16.7 MWh; offsetting 40% of the project energy usage on Fort Riley.

Basic Allowance for Housing (BAH)

The Basic Allowance for Housing (BAH) is a U.S.-based allowance prescribed by geographic duty location, pay grade and dependency status. It provides uniformed service members (SM) equitable housing compensation based on housing costs in local civilian housing markets within the United States when government quarters are not provided.

Military BAH payroll provided by Army Military Pay Office.

Military Service Grade	Average # of SMs Collecting BAH w/ Dependents (non-barracks SM)	BAH Paid to SMs Collecting BAH w/ Dependents (non-barracks SM)
E1-E4	2,631	\$37,009,254
E5-E6	2,833	\$46,928,511
E7-E9	1,014	\$19,992,462
O1-O2	643	\$10,170,837
O3-O4	811	\$16,791,405
O5-O8	110	\$2,755,053

W3-W5	109	\$2,262,249
TOTAL	8,504	\$142,782,381

Fort Riley's BAH rate is among the lowest among division-level installations, making it cost effective and fiscally beneficial to the DOD and the Army.

BAH totals include SMs living both off post and in Corvias on-post family housing.

Housing - Army Barracks Management Program

Army Barracks Management Program (ABMP) is part of the Army plan to improve the quality of life for single Soldiers and to standardize the management of barracks Army-wide. Goals of the program include improving barracks utilization, managing vacant barracks space during deployment, reducing maintenance response time, decreasing building damages and extending the life of the facilities.

- 66 buildings managed at company level
- 9 Soldier community buildings
- Footprints down to company level
- Basic repair & upkeep performed at company level
- Sustainment and modernization phased out to 2035
- Soldier accountability and responsibility
- Completed an innovative first-of-its-kind modified 4+2 barracks design; encourages Soldier interaction to reduce isolation and suicidal ideations
- Fort Riley competed and received:
 - \$56.9M in FY20 for 4 barracks which came online FY23
 - \$18.5M in FY21 for 1 barracks to renovate and upgrade, which was renovated in FY24 and came online early FY25
 - Received \$40M for additional 4 barracks in FY23, which are currently under construction

Fort Riley – Kansas State University (KSU) Partnership Renewal and Intellectual Capital IGSA

Fort Riley and KSU renewed their community partnership, originally established in 2008, to expand, strengthen, and serve as a model partnership with a land-grant university.

Fort Riley and KSU also signed an Intellectual Capital (IC) IGSA that expanded on the Archeological Site Survey and Research IGSA that saved \$173.6K during the 5 years it was in place. The IC IGSA enables studies, surveys, research, training, education and analysis for installation support services in a more efficient and cost-effective manner.
